

- Fumed silica
- Polysiloxane
- Silicone resin
- Silica-based aerogel
- Silicon metal
- Organofunctional silane
- RTV
- STC/MTCS/TCS
- Polysilicon
- Silicone fluid&emulsion
- HTV

- Adhesives
- Polyurethane adhesive

- Fluoropolymer
- Fluoro polymer
- Hydrogen fuel cells
- Fluorinated lithium salt
- Fluorinated lithium salt
- Fluorinated Refrigerant
- Electronic grade hydrochloric acid
- Fluorite and anhydrous hydrochloric acid
- Fluorine refrigerant
- Lithium Iron Phosphate

- Nonionic surfactants
- Ionic surfactants
- Oil-based surfactants
- Special surfactants
- Bio-based surfactants

Petrochemical Industry

- Ethylene & derivatives
- Poly- α -olefin
- Linear α -olefin
- propylene & derivatives
- Metallocene polypropylene
- Ethylene-vinyl alcohol copolymer (EVOH)
- Acetonitrile-ADN
- Metallocene ethylene

Epoxy Resin Industry

- Epoxy resin
- Curing agents
- Bis-phenol A
- Epichlorohydrin
- Waterborne epoxy resin
- ECH
- Resin-matrix composites
- Electrical epoxy resin
- Electronic packaging epoxy resin
- Epoxy resin for copper clad laminates
- BPA
- Special epoxy resins
- Epoxy resin coating

Monthly Market Report

- Silicone
- Fluorine chemical
- Ethylene & derivatives
- Epoxy resin
- Fumed Silica
- Adhesives
- Propylene & derivatives
- Curing agents
- Polysilicon
- Surfactants

Research Report and Downstream Sector Applications Report

- Silicone leather
- Silicone foam adhesive
- Silicone for textile
- Silicone for medical
- Phenyl silicone monomers and phenyl polymer
- Silicone fluid in-depth
- Silicone for electrical
- Silicone for construction
- Silicone for personal care
- Silazane
- Silicone for electronic
- Silicone for auto
- Silicone for new energy

CONTACTS

Nicole Tang Deputy Secretary General

+86-18210097596 tangnaimei@acmi.org.cn

Sino Alliance of Green Development of Silicon Industry (SAGSI)

Beijing Sino Advanced Chemical Materials Institution (ACMI)

Room 1510, Building 4, Fengchuang Science park, Kechuang 13th Street, Economic and Technological Development Zone, Beijing, China
